WHAT'LL WE DO NOW???

Watch out, man!!!

Stimpy's latest invention, the Mutate-O-Matic, just exploded while Stimpy was trying to turn ordinary household garbage into a delicious glazed ham!

The pieces of the Mutate-O-Matic blew all over the place, Ren & Stimpy's lab was destroyed, and the whole town was warped!!!

Do you know what you have to do now???
YOU DON'T!!! Then read this:

1. Collect all the pieces of the Mutate-O-Matic.
2. Reassemble the machine.
3. Turn it off.

Relax, man. It should be easy. Just remember these very important points:

- Everything in town has been twisted into crazed, diabolical enemies, thanks to Stimpy's stupidity!!! You must run the gamut of mad, menacing foes to put things back to normal.
- Ren & Stimpy work best as a team. Try to stay together. The pals must be standing as close together as possible in order to use their Special Moves, Attacks and Jumps (see pages 8-11).
- When the pals are separated, Ren attacks with a flyswatter and Stimpy snaps a towel when you press A or B.
- When you get injured, your Health Bar decreases. If it disappears completely, you lose one Life. You can keep playing as long as you have Lives left. If you lose all your Lives, you can resume the game as long as you have Continues left. (See page 3.)
- Pick up as many Goodies as you can, such as Ice Cream Cones, Money Bags and Glazed Hams, to score high points.
- Picking up a Powdered Toast Jar restores some of your Health.
- You get an extra Life at every 50,000 points.
- If one of you drops behind or falls into a crack, bottomless pit or black hole, you will almost always be rescued by Powdered Toast Man!
- In 1 Player games, you can press START to pause the game, press the D-PAD left/right to switch between Ren & Stimpy, and press START again to resume as the character you chose.
- Get on with it, man!!!
